Dear Sir,

I herewith send per bearer Rs 5 (five) my humble contribution to the Mahamahopadyaya Dr. V. Swaminatha Ayyar's Eighty first birth day celebration fund. I need not say that the proposed address to the foremost Tamil scholar of India should have been presented to him much earlier on the 80th birth day. It is well stated that Statues would have been erected in foreign countries to commemorate the services of men like the Venerable Pandit. He would have been given the Nobel Prize if he had lived in foreign countries.

I know him intimately for the last 45 years. I need not say that my late respected father Sadhu Seshayya recommended him for the Tamil Pandit's post in the Kumbakonam College

My father took very keen interest in the Pandit and encouraged him to publish his first monumental (176) work 'Jivaka Chintamani'

Please kindly accept the small contribution from one who holds the Pandit in high regard & esteem.

Yours very truly
